## AMERICAN DISARMAMENT DELEGATES HOLD MEETING

### Douglas Pitches Giants to Victory in Gruelling Battle, 2-1

#### NATIONAL LEAGUERS ON LONG END SCORE IN PITCHER'S BATTLE

(By Associated Press)  
NEW YORK, Oct. 12.—The Giants today won a pitchers' battle from the Yankees by a score of 2 to 1. Spittball Douglas won the decision by a half line over Underhill Flinger Mays. Ward's error on an easy grounder after two were out in the seventh inning, and Snyder's two-bagger laid the Americans low. The series now stands, Giants 4, Yankees 3. The score:

	R	H	E
Yankees	1	8	1
Giants	2	6	0

#### COMMUNISTS ATTEMPT MOB U. S. EMBASSY

(By Associated Press)  
ROME, Italy, Oct. 12.—A crowd of communists attempted a hostile demonstration in front of the American embassy here today as a protest against the sentencing to death of Italian anarchists who were convicted of the murder of a socialist leader in Rome last summer. The police easily dispersed the mob, and arrested 140.

#### PACKING HOUSE EMPLOYEES ARE FOR WALK-OUT

(By Associated Press)  
CHICAGO, Oct. 12.—With 5000 votes tabulated, 85 per cent of the packing house workers who voted last Saturday on the question of authorizing the executive committee of the Amalgamated Meat Cutters and Butcher Workmen of North America to call a strike if it was deemed necessary, are in favor of a walk-out.

#### LEGION POSTS WILL HELP THE UNEMPLOYED

(By Associated Press)  
OKLAHOMA CITY, Okla., Oct. 12.—The program for posts of the American Legion to follow throughout the country in combatting the unemployment problem was issued here today by Roy Hoffman, chairman of the national Legion committee on unemployment. Establishment of Legion employment bureaus to get in touch with employers and urge employment of war veterans in all possible openings is asked.

#### BRUMFIELD IN GOOD SPIRITS DURING TRIAL

(By Associated Press)  
ROSEBURG, Ore., Oct. 12.—Dr. H. M. Brumfield appeared refreshed today after a good night's sleep, to face the prosecution of witnesses called by the state to connect him with the death of Dennis Russell, whose burned and mutilated body was found in the wreckage of the dentist's automobile July 13.

#### WOULD EXCLUDE OUR STATE FROM PROPOSED BILL

The mining committee of the Reno chamber of commerce, which has made a careful study of the proposed mining bill introduced in congress by Congressman Aronson, and now in the house committee on mines and mining, may recommend to Aronson that section 24, which reads:

#### BREACH OF TRUCE NOW IS SUBJECT UNDER FIRE

(By Associated Press)  
LONDON, Oct. 12.—The British and Irish delegates, pending resumption of the Irish conference tomorrow, today are considering alleged breaches of the truce in Ireland, and are endeavoring to find a means by which they might be avoided during the negotiations looking to a settlement of the future of Ireland. This is the first difficulty faced by the conference, the assumption by David E. Keene of the functions of the government in Ireland having caused much irritation here. Actual outbreaks or conflicts with crown forces are regarded less serious than the virtual ousting of the British authorities by the Sinn Fein courts and police, as the crown forces cannot, without breaking the truce, take active measures against this policy on the part of the Sinn Fein.

#### COUNSEL FOR SPENCER FILE APPEAL WRIT

(By Associated Press)  
SAN FRANCISCO, Cal., Oct. 12.—An appeal from the conviction and sentencing to life imprisonment of John A. Spencer, former clergyman, for the alleged murder of his wife in Lake County, is to be filed in the district court of appeals at Sacramento, counsel for Spencer announced today.

When sentenced on Monday Spencer announced in court he would not file an appeal. He changed his mind, however, after reaching prison yesterday.

#### PERSHING AGREES TO ASSIST IN CEREMONY

(By Associated Press)  
PARIS, Oct. 12.—General Pershing has accepted the British invitation to assist in the presentation of the congressional medal of honor to an unknown British soldier, probably on October 13.

(By Associated Press)  
LONDON, Oct. 12.—The Pershing episode, which caused a lively exchange of telegrams for 10 days between Paris and the American embassy in London, is regarded as closed. Pershing has taken the incident amiably. He received Sir Miles Chamberlain, British charge d'affaires here yesterday, who explained that the delay was all a mistake which had caused much regret in London. He communicated his official message from the British foreign office. Pershing replied pleasantly, minimizing the misunderstanding.

#### WAR FACTORIES NOW OPERATING ON PEACE PLAN

(By Associated Press)  
BRILL, Oct. 12.—The principal former military and naval workshops of the German government, which were closed in 1919 in accordance with the treaty of Versailles, have been reopened as "peacetime factories" and are producing goods more adapted to needs of peace than war.

Two hundred thousand workmen, thrown out of employment by the closing of the shops, have been re-employed.

Among the larger factories converted from military to commercial pursuits were the artillery workshops, ammunition gun, powder and fireworks laboratories at Amberg, Dachau, Cassel, Erfurt, Ingolstadt, Lippstadt, Munich, Sigmaring, Spandau and Wolfenbutel, and naval torpedo shops at Friedrichshafen, Kiel, and Rostock.

These factories are operating virtually full time producing sundry products, engines, and wrought iron stamped and drawn pieces, all sorts of machinery, railway supplies, motors, motorcycles, hand and machine tools, pneumatic tools, electrical stoves, ship machinery, motor and sailing boats, agricultural implements, furniture, locomotives, railroad cars, automobiles and auto trucks.

German demands are accounting for most of the output of these factories, but surplus products are finding a ready outside market, particularly in the Scandinavian countries, where the high price of money is against the German mark adds to the attractiveness of purchases of German wares. German-made automobiles are especially in demand by foreign dealers.

#### CAL. OIL STRIKE IS SHOWING NO VISIBLE CHANGE

(By Associated Press)  
BAKERSFIELD, Cal., Oct. 12.—Word from the federal government, looked for by leaders of the striking oil workers as the probable next step toward ending the strike, still is lacking. Strike leaders had expressed confidence earlier in the week that the department of labor would act before next Sunday to end the controversy. There were no reports of trouble last night.

It is reported that additional deputy sheriffs have been sent to the Central field, and the action of the sheriff there in forbidding further operation of the strikers' patrol eyes (men) has caused some unrest which the strike leaders are trying to overcome.

#### WOMAN KU KLUX HEAD FIRED AT BY UNKNOWN

(By Associated Press)  
ATLANTA, Ga., Oct. 12.—Some 32 colorful steel-jacketed bullets and fragments striking at the head were all the enemy's volley had to start on in an inquiry into what they characterized as an evident attempt last night to assassinate Mrs. Eliza Beth Tyler, head of the woman's branch of the Ku Klux Klan. Five shots were fired into her bedroom window here. Mrs. Tyler told the police, while the window glass was smashed and the bullets whizzed over her head as she leaned over the bed of her sick daughter.

#### WILLOW CREEK BECOMES DEEP MINING CAMP

(By Associated Press)  
ANCHORAGE, Alaska, Oct. 12.—The Willow Creek gold quartz mining district, recently the subject of several news dispatches, some of them reporting sensational strikes, will become a "permanent" deep mining camp during the coming season," is the opinion of Dr. Alfred Brooks, chief of the United States geological survey, who has just completed a partial examination of the locality.

Seven stamp mills on high-grade ores have been established. Development of the camp will mean a heavy tonnage for the new government railroad, mining men point out.

Mr. Brooks also said there was ample evidence of oil in the valley near Anchorage. Its value, he predicted, will depend on the depth of the overlying structure.

#### POLICIES DISCUSSED TO BE PLACED BEFORE COMING CONFERENCE

#### SUNDAY TRAIN MAY RUN AGAIN SAYS CRUMLEY

Grant Crumley, president of the Tonopah Chamber of Mines and Tonopah business and mining man, is letting no grass grow under his feet in the re-establishment of a Sunday train into Tonopah. Several conferences with the postal authorities have recently been held in San Francisco and matters are shaping themselves looking to an early resumption of Sunday service for Tonopah and Goldfield. The following message was received by The Bonanza this morning:

"Tonopah Daily Bonanza, Tonopah, Nevada:

"At conference today with railway mail officials, and Postoffice Inspectors, it was agreed to resume Sunday train service if department at Washington can expedite postal rate. Officials here will immediately place this before the department should news is given at an early date.

#### HOUSE AGREES TO PROVISIONS FUNDING BILL

(By Associated Press)  
WASHINGTON, D. C., Oct. 12.—A committee of which the secretary of the treasury is chairman, would have full authority to fix the terms for financing the funding of the foreign debt under provisions of the bill currently before the house.

#### CANADA BUYS REINDEER FOR DOMESTIC USE

(By Associated Press)  
THE PAS, Manitoba, Oct. 12.—Word has been received here that 700 head of reindeer have been purchased in Denmark on behalf of the Canadian government, to be brought to Canada for domestication with the wild caribou of the northern lands.

The experiment is the result of Vilhelmur Stefansson's scheme, outlined to the Canadian government some time ago, whereby he proposed to form a company to supply the world with meat from the caribou of the northern wastes.

(By Associated Press)  
WASHINGTON, D. C., Oct. 12.—Formulation of the policies to be pursued by the American delegation at the conference on limitation of armament, far eastern and Pacific questions was begun today when the four delegates selected by President Harding to represent the United States held their first meeting at the state department. Something as to Harding's hopes for the armament conference was given as the delegates were assembling by the publication of a letter the president had written in reply to a prayer that he work for "universal disarmament." Absolute disarmament, the president wrote, was "beyond hope of realization and perhaps was not very desirable, but reasonable limitation of armament was a practical proposition with some hope of accomplishment."

#### PARCELS POST TAX MEASURE STRICKEN OUT

(By Associated Press)  
WASHINGTON, D. C., Oct. 12.—Without a dissenting vote the senate today struck from the tax revision bill the section imposing a tax of 1 cent on each 10 cents of a freight charge for transportation of parcel post packages, effective January 1, 1922, and completed adoption of the compromise plan for repeal of all transportation taxes.

#### GRAND JURY IS INVESTIGATING KU KLUX KLAN

(By Associated Press)  
WACO, Texas, Oct. 12.—With notice from Governor Pat Nease to their hands notifying them that the state was at their disposal, Waco county officials today began a grand jury investigation of the clash at Lorena on the night of October 4, when Sheriff Buchanan attempted to halt a parade of Ku Klux Klansmen, which resulted in the wounding of 10 men, one of whom died later.

#### BUTLER THEATRE

The wife never knows. The husband never tells. And the woman never forgives! What happens when the showdown comes?
